

I had so so much fun ice fishing. The guides were kind and ready to teach us. My guide taught me well.

My guide taught my friend and I his ways and facts about ice fishing. I learned that when a snowmobile comes by sometimes that helps catch fish. The food was good. They even gave us our own tackle boxes.

This was my first time ice fishing. I was a little worried. My guide made me feel better about ice fishing.

I loved ice fishing. I hope we can go again. Thank you so much to the LAKE VERMILION FISHING GUIDES LEAGUE and my AWESOME guide. Thank you for the heated ice fishing houses and the time you spent on us.
